

2090 Series "Pillow-Soft"  
e x e c u t i v e   s e a t i n g

**HON**

# Self promotion

The 2090 Series from HON is one executive reward you can give yourself right now. With a choice of leather or fabric covered cushions, Model 2090 has the scale and sophistication that say “success.” And talk about comfort! Visco-elastic “memory foam” in the seat cushion and ultra-deep back cushion bolsters, filled with “pillow-soft” padding, offer all-day support. The recess at the base of the back cradles the lumbar region. Comfort controls include pneumatic seat height adjustment, tilt with adjustable tension and tilt lock. Executive seating doesn’t get much better than the 2090 Series!

2093 in SR69

### Memory Foam

This cushion material possesses a unique “visco-elastic” molecular structure. The tiny internal “cells” in memory foam compress on contact, then maintain that shape for a period of time. Instead of pushing against the surface of your body, Memory Foam “gives-in” – dramatically reducing pressure points.

Front cover: 2091 in SR11 Black Leather and 2092 in BP69 Claret

**2090 Series “Pillow-Soft” Executive Seating meets or exceeds ANSI/BIFMA and ISTA performance standards for business and institutional furniture, and is backed by the HON Limited Lifetime Warranty.**
