

Allsteel[®]

Designed to work. Built to last.

Cadence[™]

Designed with your space in mind.

Cadence offers unlimited versatility. Its modular flexibility creates office solutions of all shapes, sizes, and styles. And, Cadence can ship in just five days, which means you won't miss a beat.

Cover:

Laminate (edge): Whitestone (Muslin) Paint: Gunmetal Mica

All the right choices.

Choose Cadence with confidence. It personalizes any work environment, accommodates a range of needs, and offers all the right features—curvilinear worksurface shapes, multiple worksurface edges, and a complete paint finish and laminate offering. Cadence is made to last with heavy-gauge steel construction and metal-reinforced worksurfaces. Metal-to-metal worksurface connection points make installation and reconfiguration reliable and easy. And Cadence is backed by a lifetime warranty.

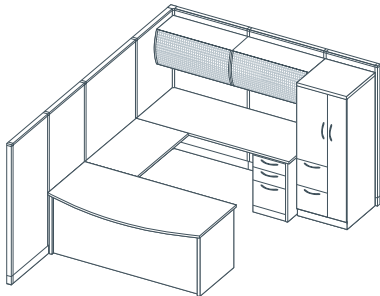

Like clockwork.

Cadence is an Express Solutions® and Guaranteed Performance product line. At your request, your order will ship in five days or less. Or choose to have your order arrive at an agreed-upon day, time, and location (within two hours), guaranteed, or we pay. With either program, we make sure that your order arrives complete and on-time.

Universally flexible.

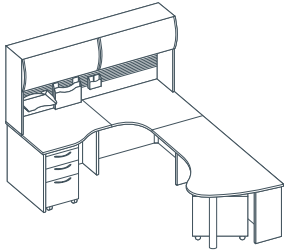

Cadence sets up easily and reconfigures time after time. It works in the open plan, the private office, or in combination with Concensys® panels, allowing complete office coordination. It even shares components with Concensys, which simplifies inventory management. Cadence is compatible with the entire line of Allsteel storage solutions and Extensions™ work tools to provide personalized organization for every workstyle.

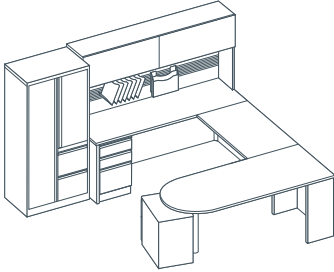

1. Systems integration.
Cadence works in combination with Concensys panels, extending the aesthetic and functionality of both product lines.

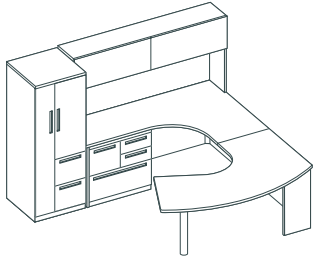

2. Ultimately adaptable.
Make the most of existing architecture by using an existing wall to create a semi-private workspace.

3. Space utilization.
Multiple work surface shapes offer unlimited design potential for using space creatively and efficiently.

4. Optimal organization.
Cadence is compatible with Allsteel's complete line of storage and Extensions work tools to keep you on task throughout the workday.

5. Team interaction.
The design flexibility of Cadence allows you to create personal workspace and a team collaboration area in the same office.

All the details were considered in design, including functional elements like grommets.

11" end panels support curvilinear worksurfaces in multiple applications.

Hutch-to-desk attachment preserves work surface space.

Clean connections present a refined appearance without sacrificing flexibility.

Support leg grommets manage cables and wiring out of sight.

A half-height modesty panel offers privacy and room to stretch your legs.

Choose overhead storage cabinets that are wall- or panel-mounted or desk-mounted hutches, all with your choice of door style.

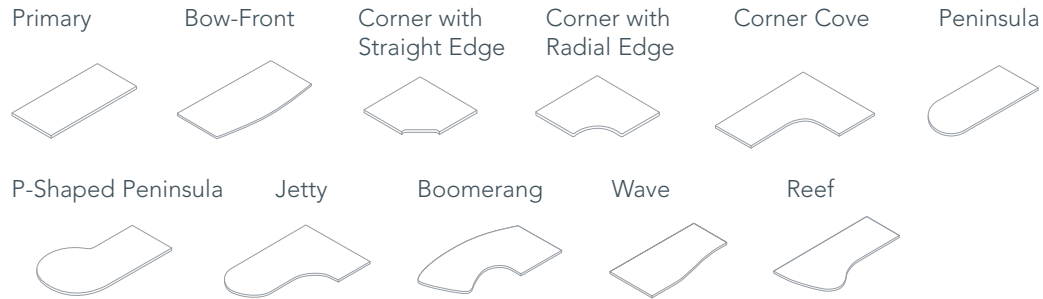

Gusset support allows access to power.

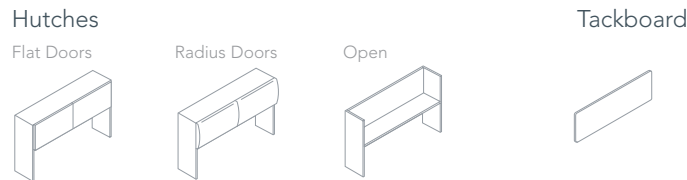

Cadence

Statement of Line

Worksurfaces

Storage*

Cadence is created with worksurfaces, supports, modesty panels, end panels, and brackets. It's compatible with storage components from both the Persona™ and Essentials™ Collections. The flexible, universal design of Cadence supports virtually any workstyle and any interior aesthetic. It integrates with Concensys panels to create even more possibilities to solve office space challenges.

*See the Persona Collection and Essentials Collection brochures for additional storage options. Overhead storage cabinets can be panel-mounted or wall-mounted using wall track kit.

Respecting the environment.

At Allsteel, we help our business partners achieve a positive environmental impact and understand that environmental consciousness can be gainful. This means ensuring that all materials balance performance and sustainability. Strong, high-quality products guarantee years of use and re-manufacturability.
