

BODYBILT High-Back Executive Seating

Ergonomic adjustability and comfort are the cornerstone of BodyBilt's Management/Executive seating. In addition to the pressure-reducing seat contours, each model features ten standard adjustments that allow the user to control their own level of comfort. The J-style adjustment mechanism offers users the option of adding a backrest depth adjuster, extending the seat depth for users with longer legs.

Standard Features:

- High-Back (22.0" long x 21.5" wide)
- Upholstered Back Shell
- Backrest angle adjustment (15° range)
- Backrest height adjustment (4" range)
- Armrest height (low-25" high-34½")
- Armrest angle adjustment (360° rotation)
- Armrest width adjustment
- Black, non-upholstered arm pads (soft, 4" wide)
- Seat height adjustment (5.5" range)
- Seat tilt adjustment and tension control
- Swivel (360° range)
- J-style adjustment mechanism (seat pivots from the center of mechanism)
- Black 26" five-star base
- Carpet casters
- Backrest Depth Adjustment (2" range)
